The Building of Our Friendship

Life is a labyrinth of crossed paths.

We smile,
Shake hands,
And are on our way again
To other crossings,
And other smiles,
And other handshakes.

So it goes.

Some are fortunate.

Their paths cross and then run side by side for ever so long
Before they part and go their life-long ways.

Others find that their paths cross, and parallel and merge into
Each other. Not of thier own doing. They just do.

I like our paths better.

We crossed,
And smiled,
And shook hands,
And exchanged glances;
And finding our paths proceeded side by side for awhile,
We took each others' hands;
And finding this handclasping to our liking
We laid our arms across each others' shoulders;
And when our paths began to deviate
We squeezed so gently each other's arms,

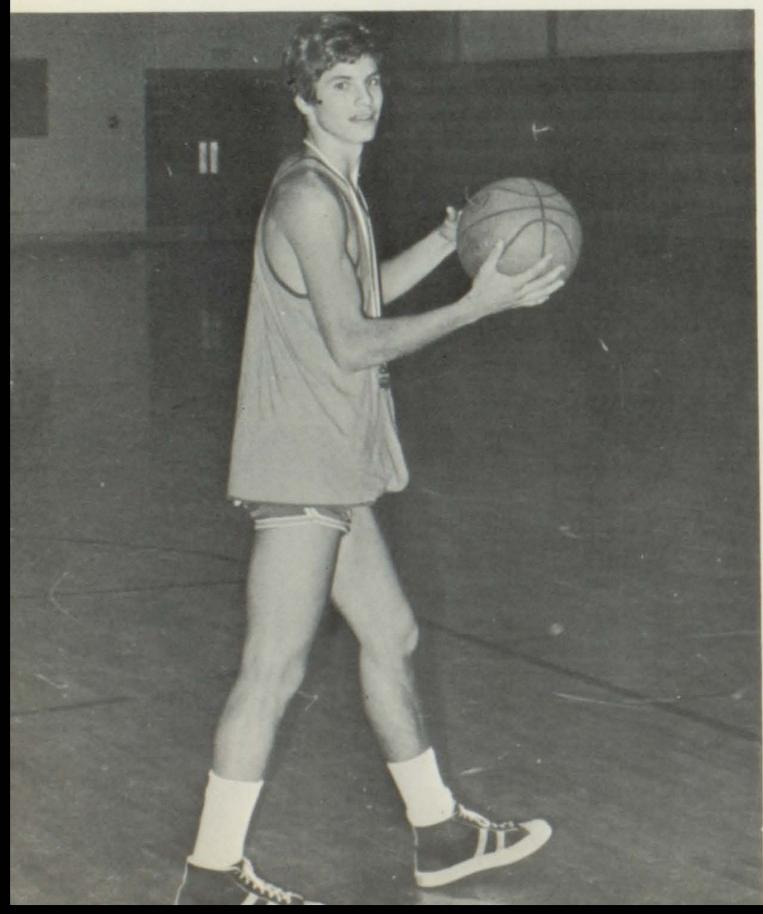

To find if he too did not like walking side by side forever;
And when we found we did,
We embraced,
And bent our paths, forcing them to run along each other until
They merged,
And we found that we were

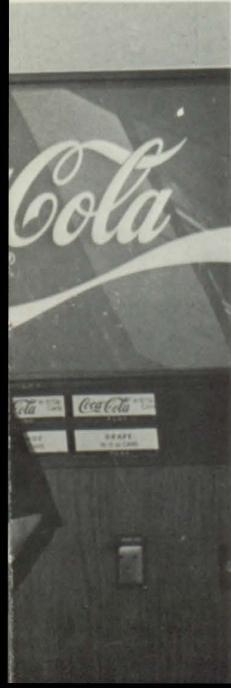

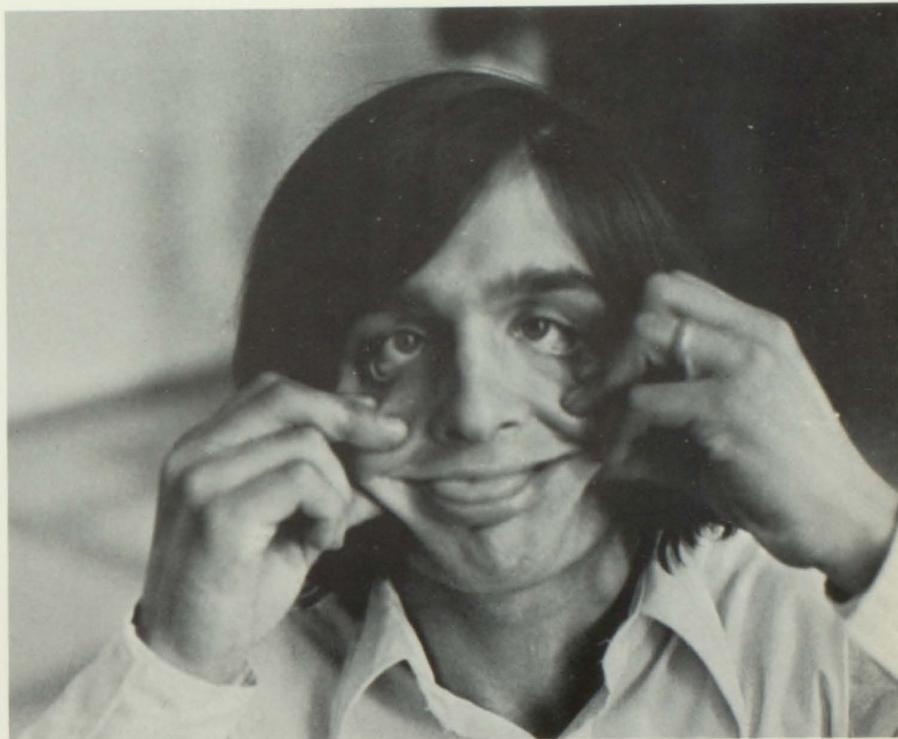

Friends.

Graduation, 1973

Dear Graduates:
Recently I saw a bumper sticker with a very simple message: "Change it."

Though brief, that message summarized with fair accuracy the attitude of many Americans of 1973. Our society is one of such rapid change that sometimes change appears to be its only constant factor.

We can all point to countless instances of change which had no purpose. We can better which occurred during our lifetime. Unfortunately, we can also see instances of change which had no purpose.

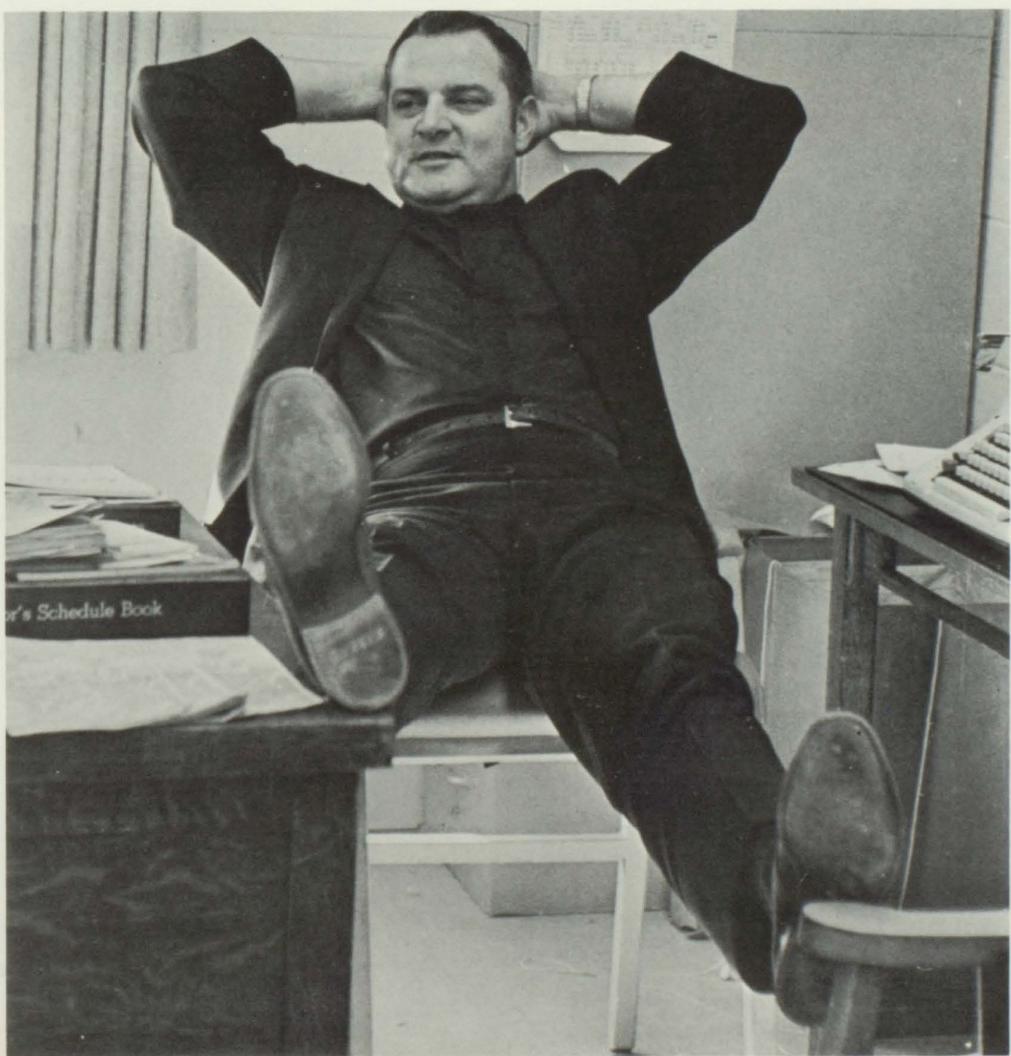

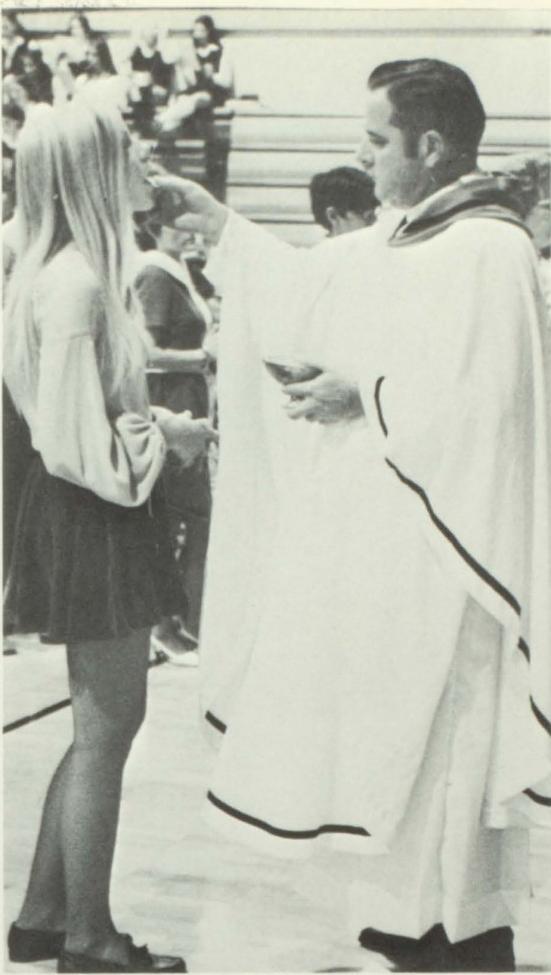

I would caution you, however, not to be caught up in an unreasonable desire to change merely for the sake of change.

Your Catholic education should have prepared you to think critically about change. You see areas where things can be legitimately changed for the better. But you also know other areas where change would lead only to confusion and the destruction of good. We might be able to think about God in different terms, but He will always be a Father who loves us. Charity and justice to our fellow man are values that cannot change though their applications might vary.

Human life has dignity and rights which cannot be denied. St. Paul lived at a time which saw great change. He himself was an agent of monumental change. But he always acted with purpose: "I do not run aimlessly..."

Right action demands sound, constructive thinking-- factual, flexible and principled. If you think soundly, you will act constructively.

Sincerely,
Raymond C. Orlet

The teachers and students make the school what it is. This page is dedicated to all the teachers in gratitude for all the work that they have done for us. It is hard to capture all the things that they have done.

Modular scheduling brings more time for a one-to-one basis between the student and teacher. This is really important. In learning, to have someone to really help and care means so much. Even though there still is not enough time (there will never be); we wish to thank you for giving your all to make our education the best.

The SHRINE of OUR LADY of the SNOWS

Congratulates the 1973 Graduates of
Althoff Catholic High School

With Our Lady of the Snows as your intercessor before Christ, Our Savior, may your lives be blessed and filled with happiness, good health and success.

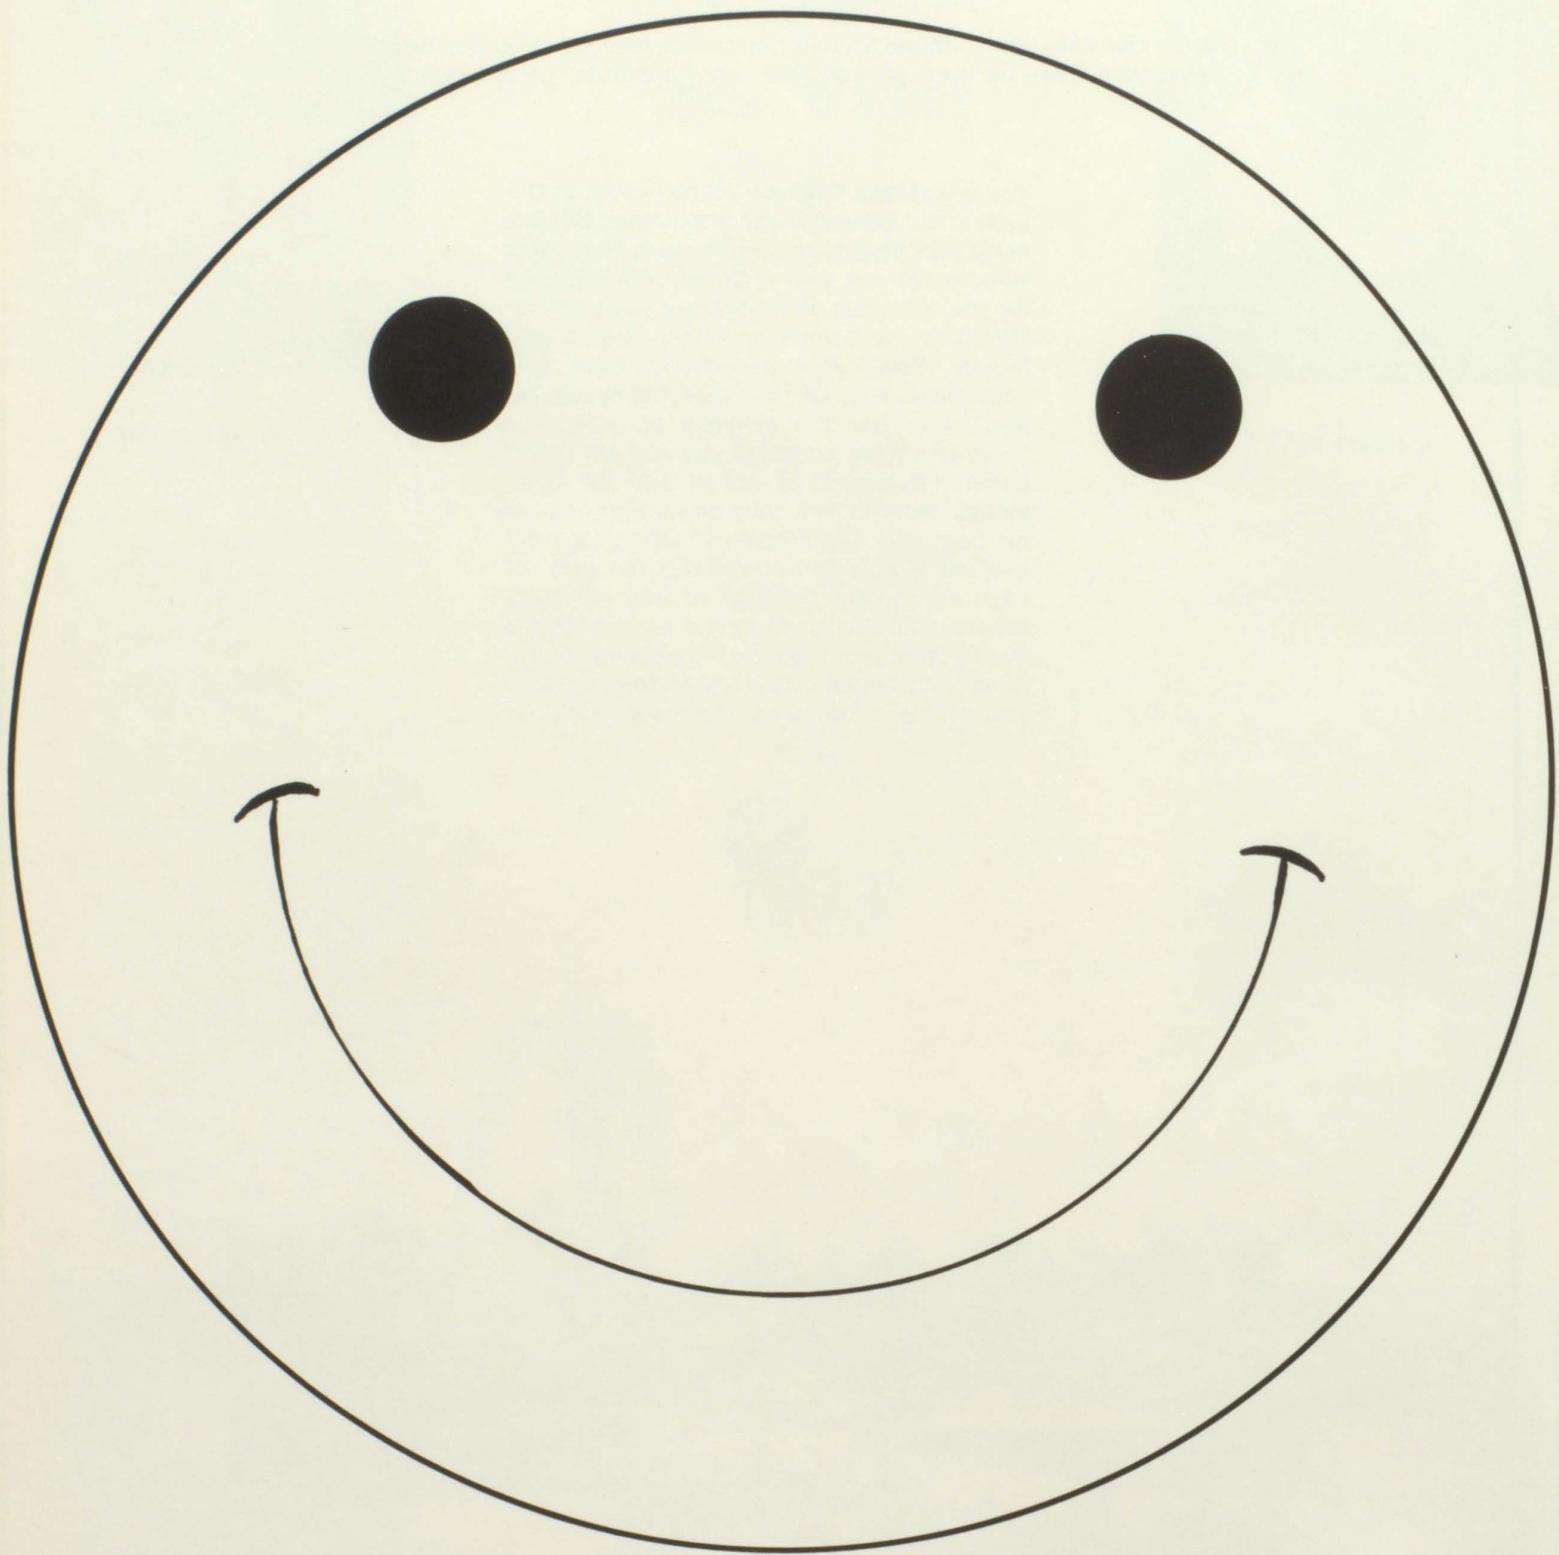

You are always welcome at the Shrine of Our Lady of the Snows! As you grow into adulthood, bring your desires and problems to Mary. She, who "is ever the path to Christ," will intercede for you. You have dedicated four years of your life under the banner of Althoff. She is your Mother. Bring your petitions to Mary with confidence. Pray for your personal needs, but also remember the petitions of others—all those who have preceded you and are united under the banner of Althoff and the other thousands of Mary's children who look to her for help and encouragement. It pleases our Blessed Mother to see her children pray for each other, and because of your thoughtfulness and charity, Mary will ask her Divine Son to grant your requests. As a young adult of Althoff, she is your model and Mother. Come to your Mother's Shrine as often as possible.

LET'S TAKE A GOOD LOOK AT EACH OTHER...

We know a young man just out of school has more on his mind than just a job these days. He's concerned about his world. He's looking at the future. And he's looking for a way to do something about it.

We're looking at the future, too. In fact we're dedicated to it. And we're looking for people who feel the same way.

You see, there's more to the Air Force than good pay, guaranteed jobs and valuable skills. There's also the satisfaction of doing something worthwhile and important.

But that's something you'll have to decide for yourself. It's easy to get the facts and there's no obligation. The attached coupon will get you the name and address of your nearest Air Force Recruiter.

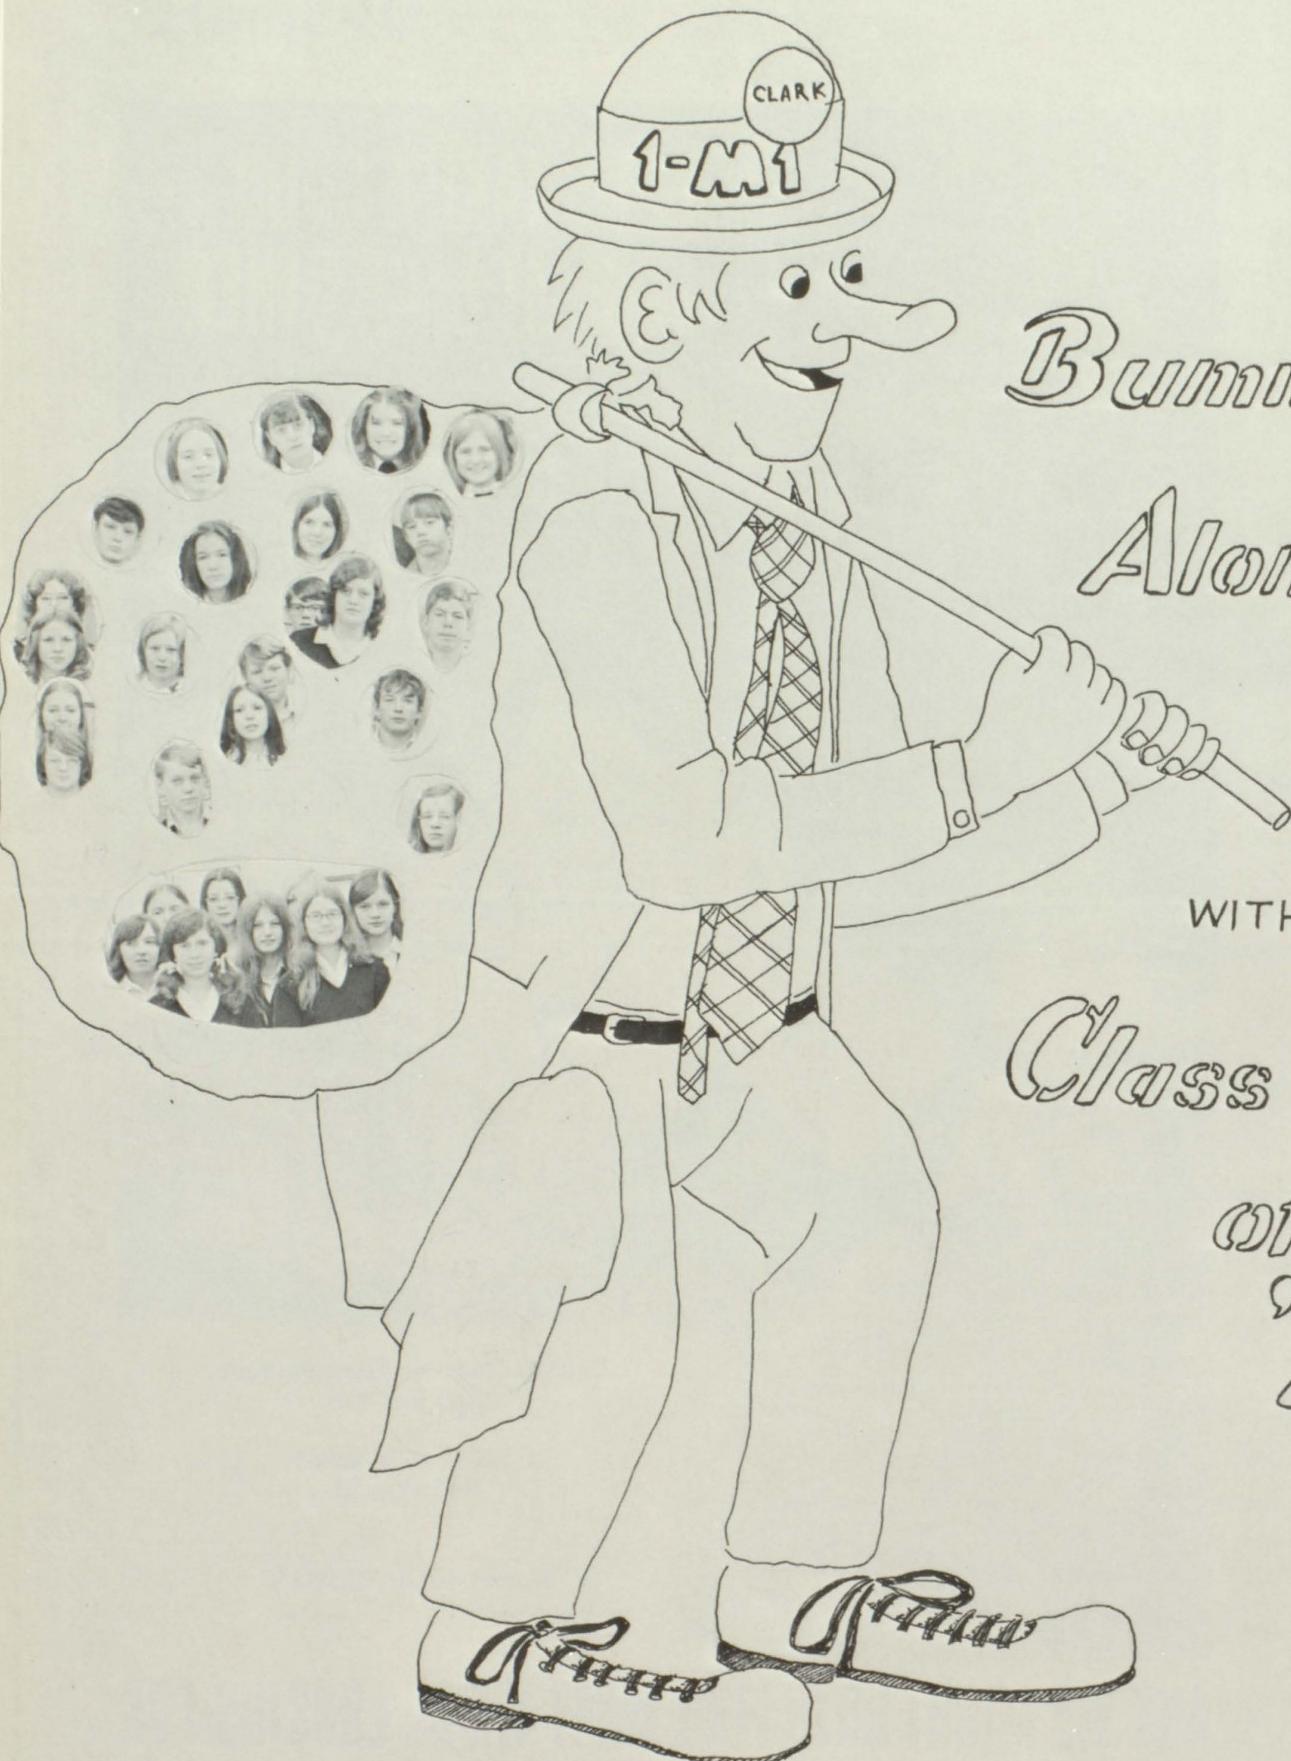

Go ahead... Take a good close look at us. We'll look you over, too...

The Job You Learn In The Army

The jobs a lot of young men and women learn in today's Army can become careers in the Army. Or in civilian life. Jobs they never knew we had, or knew they'd be good at.

We've got over 200 job-training courses. Taught by excellent instructors, in good schools, with the finest equipment around. Jobs that could cost you a lot of money to learn in civilian life.

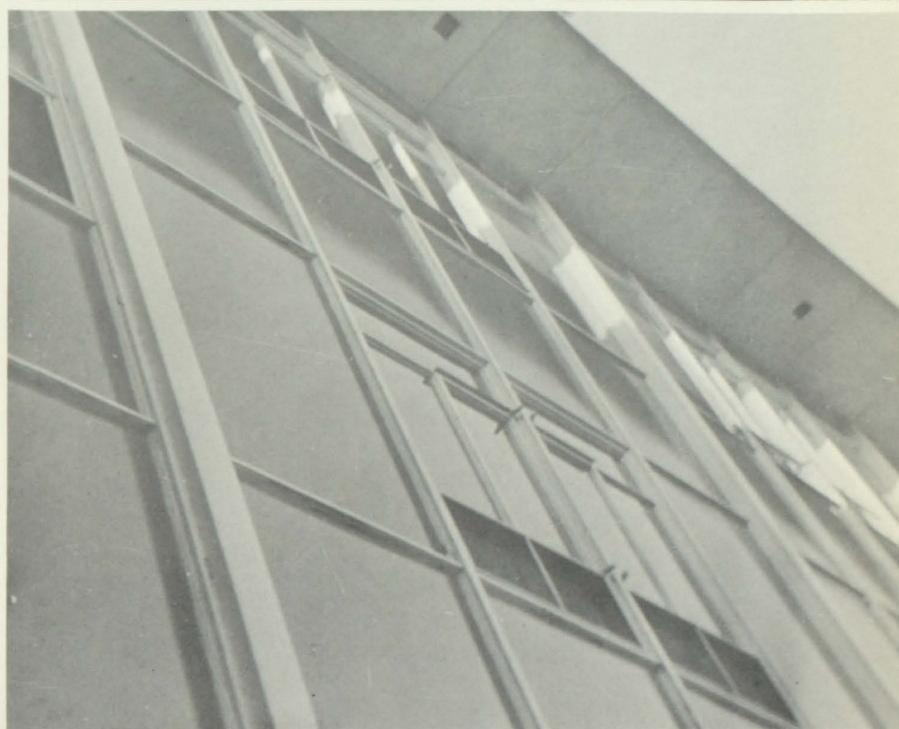

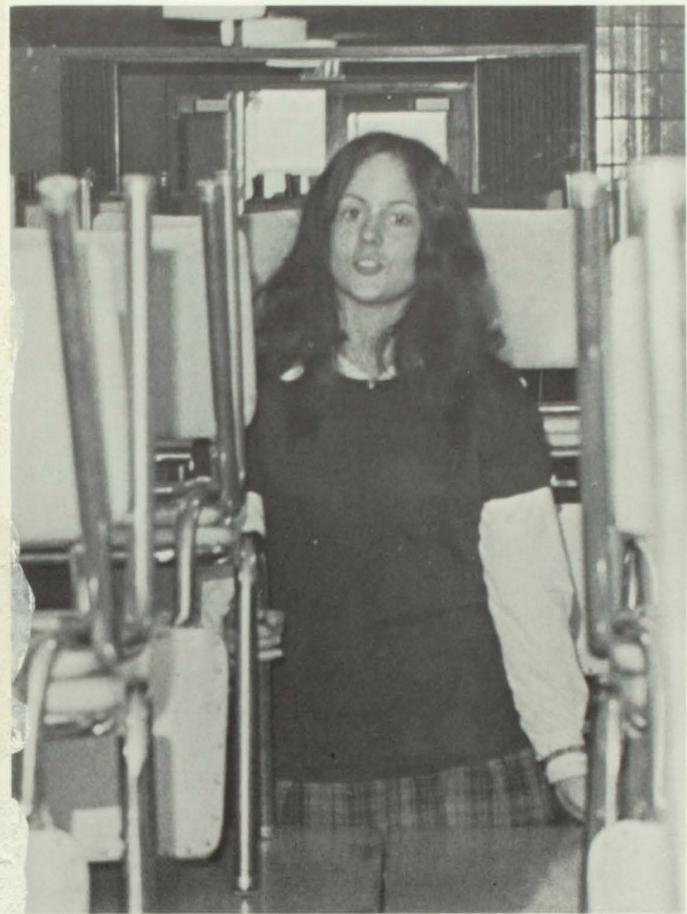

Today's Army pays while you learn. Starting at \$288 a month, with promotions and raises as you move up in your job. Along with free meals, housing, clothing, medical and dental care. And 30 days paid vacation each year.

And there's a lot more you can get that few other jobs give you. A chance to travel. To live and work in places tourists only visit. Like Europe, Hawaii, Panama, Alaska.

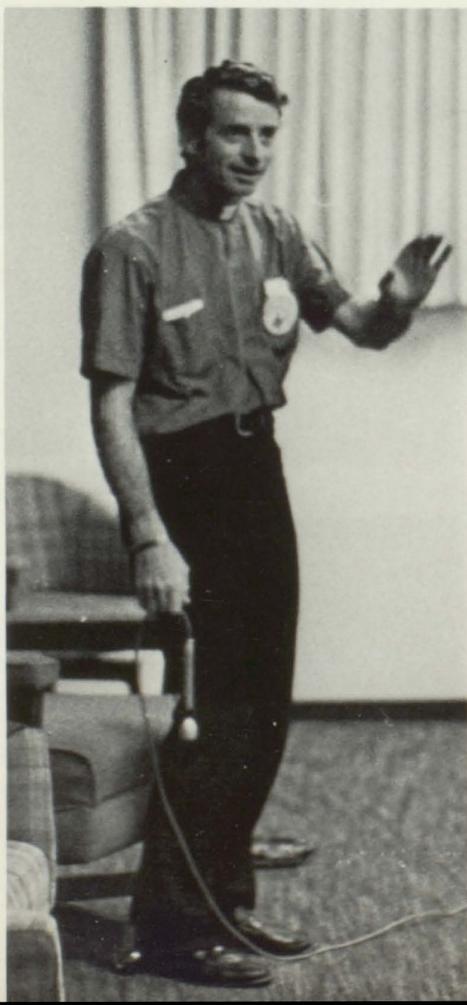

If you'd like to learn a job that's as valuable to you as it is to the Army, see your nearest Army Recruitor.

My years at Althoff have been good ones. There has been alot of depression; alot of happiness. Now I sit back and just smile in satisfaction recalling the four years.

A.C.H.S has really grown - its potential never ends. Junior year started with modular scheduling. Senior year the student population was changed - Notre Dame girls came to Althoff. At first I looked at these as cold changes. Now I see them as changes for the better. Modular scheduling helps adjust for the future. The Notre Dame girls have become Althoff students - true friends.

Four years of my life have past. I've grown, I've learned. I have accomplished a goal in life. Now I can go on with confidence.

I would like to thank God and all the people that are responsible for keeping A.C.H.S functioning. I'm sure that most of the students feel this way, too.

Mary Kay Buss, Editor.
